PAMELA YOUNG

CONSENT ORDER

TO PRACTICE RESPIRATORY CARE:
IN THE STATE OF NEW JERSEY

This matter was opened to the New Jersey State Board of Respiratory Care upon the application of Pamela Young for a license to practice respiratory care in the State of New Jersey. Ms. Young is employed by Mobile Medical Services, Inc. When notified of the necessity for licensure to engage in respiratory care activities in New Jersey, Ms. Young completed an application for licensure. In connection with that application, Pamela Young acknowledged that she had been performing respiratory care functions in home care settings in the State of New Jersey. These functions include but are not limited to adjustments of respiratory equipment attached to patients and instruction regarding the use of such equipment. These functions were performed without having first obtained a license.

The Board having considered the aforesaid information, and the parties being desirous of resolving this matter without the necessity for further formal proceedings, the Board having considered the voluntary cooperation of Ms. Young and Pamela Young having waived any right to a hearing in this matter and the Board finding that the within Order is adequately protective of the public health and that good cause exists for its entry;
